

Whole School Commitment

Fairhouse Primary school is committed to developing provision, to meet the needs of young carers and their families. We strive to overcome barriers to learning to enable young carers to attend school and help raise attainment.

The school seeks feedback and ideas from Young carers and their families to help improve provision and support.

There is a good referral system in place and contacts with the relevant external agencies, including Essex Young Carers, Action for Carers and the School Health Team.

The school only shares information on a need to know basis to support children and their families.

Pupil premium funding is used to minimise barriers to learning experienced by young carers.

School has appointed a team that you can contact regarding support for young carers:

Senior Leadership Lead – Miss N Byford

Young Carers operational Lead – Mrs L Fleming

As a school we strive to ensure that all students achieve their full potential.
